EDUCATION

Harbin Institute of Technology

M.S. in Applied Statistics

Harbin, China

Sep. 2025 – Jun. 2028

Harbin Institute of Technology

B.S. in Information and Computing Science

Harbin, China

Sep. 2020 – Jun. 2024

RESEARCH

Physical Data Analysis Research

Harbin Institute of Technology

Sep. 2025 – Present

Harbin, China

- Conducting statistical modeling and analysis of physical fitness data.
- Manuscript submitted to *Sports Science* ().
- Tech stack: Python, PyTorch, pandas, scikit-learn.

PROJECTS

National Statistical Modeling Competition | *Python, PyTorch*

2026

- Graduate division entry (Team TJJM20260414180979).
- Applied advanced statistical modeling techniques to competition problem.

CUMCM | *Provincial Second Prize*

2023

- National Undergraduate Mathematical Contest in Modeling.
- Awarded Heilongjiang Provincial Second Prize.

MCM/ICM | *Meritorious Winner*

2022

- Interdisciplinary Contest in Modeling. Top 7% globally.

TECHNICAL SKILLS

Languages: Python, C/C++, SQL, LaTeX

Frameworks: PyTorch, pandas, NumPy, scikit-learn

Tools: Git, Linux, Jupyter, VS Code

Languages: Chinese (Native), English (Fluent)

ADDITIONAL

High School: Participated in National Olympiad in Informatics (NOI).

Active member of CPC training program ().
