

EDUCATION

- Harbin Institute of Technology** Harbin, China
M.S. in Applied Statistics Sep 2025 – Jun 2028
- Harbin Institute of Technology** Harbin, China
B.S. in Information and Computing Science Sep 2020 – Jun 2024

RESEARCH

- Physical Data Analysis Research:** Lead investigator on statistical modeling of physical fitness data. Manuscript submitted to *Sports Science* ().

PROJECTS

- 2026 National Statistical Modeling Competition (Team TJJM20260414180979):** Graduate division. Applied statistical modeling and data analysis techniques. Python, PyTorch.
- 2023 CUMCM — Heilongjiang Second Prize:** National Undergraduate Mathematical Contest in Modeling. Provincial second prize.
- 2022 MCM/ICM — Meritorious Winner:** Interdisciplinary Contest in Modeling. Top 7% globally.

HONORS & AWARDS

- MCM/ICM Meritorious Winner (Top 7%):** 2022
- CUMCM Heilongjiang Second Prize:** 2023
- National Statistical Modeling Competition (Graduate Division):** 2026

SKILLS

- Programming:** Python, C/C++, SQL, LaTeX **Frameworks:** PyTorch, pandas, NumPy, scikit-learn
- Tools:** Git, Linux, Jupyter, VS Code **Languages:** Chinese (Native), English (Fluent)

ADDITIONAL

- High School:** Participated in National Olympiad in Informatics (NOI).
- Affiliation:** Active member of CPC training program ().
